

## **ANJEE REGIONAL PROGRAMS AND EVENTS**

There are three ANJEE Program Committees (North, Central and South). They are responsible for organizing regional programs, special events and professional development workshops for members and potential members. These programs are offered to assist in networking efforts, raise awareness of ANJEE, provide enrichment opportunities, fundraise, and/or increase membership.

### **PROGRAM AND EVENT DEFINITIONS**

**ANJEE Sponsored Programs:** ANJEE responsible for all details and coordination and will support this program financially.

**ANJEE Co-sponsored Programs:** Shared coordination of program and costs. ANJEE should not lose money. The program should either break-even or benefit ANJEE.

**ANJEE Fundraiser:** Designed to make money for ANJEE. (May be co-sponsored)

**ANJEE Endorsed Program:** ANJEE approves of and lends its name to a program, workshop etc, but is not involved in coordination or hosting the program. (e.g. NJ Critical Environmental Issues Seminar)

### **ANJEE CO-SPONSORED PROGRAMS**

An ANJEE co-sponsored program is a program to which ANJEE is lending its name, further legitimizing the importance of the program as part of ANJEE's statewide efforts.

To attain ANJEE Co-sponsorship, the applicant must:

- Clearly state how the workshop/conference etc addresses statewide environmental education efforts;
- Submit a request in writing to the Program Committee (for approval) at least three months prior to the date clearly stating how the workshop/conference, etc. address statewide environmental education efforts.

Once approved by the Program Committee, the co-sponsor will:

- Include the ANJEE name and Logo on all promotional materials;
- Submit a copy of all promotional materials to the Public Relations Committee and the Newsletter Editor so it may be included in future publications;
- Reduce the registration fee (if charged) for ANJEE members.
